# Sprint 2-Review

Sprint 2 Progress Review

Demonstrable Content

- Reading a question file and showing all its contents, including the question query, statements and available connectors.
- Dragging connectors on top of the workspace and dragging further statements and connectors on top of the aforementioned connector, allowing the student to build an answer.

Prioritized Features Anwen Xu 01 May 2023

The selected prioritised features will be updated after the client meeting on May 1st, 3:15 pm.
